

Cohousing Canberra Inc

Our vision and values

Our vision

- Our project is a model of sustainable and co-operative living
- a flourishing, supportive, diverse, intergenerational community, and
- enjoying each other and our connection to nature

Our values

- We tread lightly on the Earth
- We take care to ensure our shared home is warm, safe, welcoming and beautiful, and
- We consider the impact our choices have on the environment and future generations

We look after each other

- We are a supportive, intergenerational community
- We celebrate and build memories together
- We communicate with respect and compassion, and
- We are an active part of our Watson neighbourhood

We value sharing and working together

- We make decisions together and run our affairs in a safe, viable, ethical way
- We look for creative solutions, and
- We share resources and knowledge
